Please put up a fair copy of the

document as advised

RR

29/9

A draft order on the formation of a Committee of the Leg. Council on Public Accounts is put up.

Some of a draft is in the file also. I have, however, put up

the draft of

RR

3/10

I should like to know whether this is not a matter within the competence of the L.C. itself. In this part (Eg. Madras, Travancore) is such a committee constituted under any provision? or is it a committee of the Council?

4/10

Public Accounts Committees in India have been constituted under rules framed under Secn. 47 of the Govt of India Act. There does not seem to be a P.A. Committee in Travancore.

P.S. 9/10 was at the request of the L.C.

The standing Finance Committee has

Submitted to His Highness.

His Highness has already been graciously pleased to approve of Council resolution of the 1st September 1923 regarding the formation of a Committee on Finance and Taxation. This Committee is a sub-committee of the Representative Assembly and the Legislative Council. Its functions are to advise Government on the Budget and financial policy.

The Reforms Committee recommended on page 140 (2) (a) that a committee of the Legislative Council on Public Accounts -- should be formed to deal with the audit and the appropriation reports of Government.

This recommendation was considered by the Council who were of opinion that as the Standing Committee on Finance and Taxation was an advisory committee of both Houses, it was necessary to have a Committee of the Legislative Council, as in British India, to ensure that the direction of the Legislative Council in regard to the appropriation of public funds had been adhered to. The Financial Secretary who was consulted in the matter has also expressed a similar view.

127
I am of opinion that the Legislative Council which, when passing the budget, determines the objects on which Government money may be spent and the amount that can be spent on each object, should be in a position to know the extent to which its wishes have actually been complied with. This will be possible if a committee of the council is empowered to examine the audit and appropriation reports of the Government and bring to the notice of the Council all cases in which the Government have departed from the intentions of the council as expressed in their vote on demands.

In these circumstances, I recommend that His Highness may be

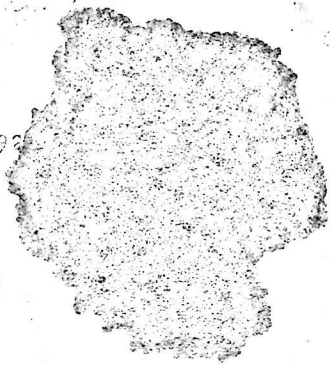

23 B

graciously pleased to approve of the decision of the Council that a committee on Public Accounts may be formed in connection with the Legislative Council.
